 Riverside_compliance Averaging_NJDEP comments June 17 2020.docx

<!--[endif]-->

All - Based on our last discussion of this past Monday, June 15, attached are comments from Nicole and I to move this issue forward to the goal of developing more appropriate, prospective, soil remedial action footprint areas for use in the FS. During our upcoming call -- we can discuss this further and try to assist with any other questions you have on this topic. Talk soon, Anne

Anne Hayton, Research Scientist

Lower Passaic River - Project Technical Coordinator
Bureau of Environmental Evaluation and Risk Assessment
